

Visual Guide for Ordering Seed Using the Online Ordering Process

- 1) Log in to the website if you are not already logged in.

- 2) Click on the "Current Seed List" link under the "SEEDS" menu.

It will take you to the **Seed List** page with the list of seeds and the choice buttons:

Seed List

Click on the seed name to open the Google search page for that genus/species. Use the alphabetical buttons or the search boxes below to refine the list, and the ALL button to exit the search. To view only Garden or Wild collected seed, use the Garden/Wild box. Use page numbers at the bottom to go to the next page of the list. You are not allowed more than one packet of any seed number.

To select a seed from within the seed list, click on the choice button you want for that item. To change the choice category, click on one of the other options or "No" to unselect an item. Many seeds are in very short supply, so provide plenty of Second choices to ensure you receive a full order and to help the order filler pull your order. Second choices (preferred) (2nd*) are only for a few second choices selections, to let the order fillers know to pull them first if they need to draw from second choices.

You may also enter your seed selections using the grey Quick Add box. Ranges can only be added using the Quick Add box. To make a change or remove a range, click the Review your selections button to navigate to the Your Selections page to delete the range. Ranges count as one choice (1 packet from the range will be pulled). Refresh your browser page to update the Quick Add choices in the seed list below.

Once you have reviewed your selections and are ready to proceed with payment, click the Finalize Order button. Do not click this button until you have made all your selections and are prepared to make payment.

Due to Phytosanitary restrictions, members of the European Union, the UK, Australia, and Japan are not permitted to order any moist packed seed or place an order in the Surplus Round. Australia and New Zealand members may only order seeds that are permitted entry by their countries. Norwegian Customs allows no more than 50 packets per shipment.

- 3) If you are not logged in to the NARGS website when you go to the “**Current Seed List**” page, you will not see the choice buttons or Quick add box. Instead, there will be a button above the alphabetical buttons that you can use to log in using your email address and password. If you are logged into the website but the ordering buttons still are not visible, go to your user page by clicking on the ‘My Account’ link in the top menu to see if you need to renew your membership.

- 4) **To navigate through the seed list** - Use alphabetical buttons or the search/filter boxes to specify a Genus and/or species, or if you want to see only Garden or Wild, and to navigate through the list:

Use page numbers at the bottom to go to the next page of the listing:

Click on a seed name to open the Google search page for that seed name:

SEED NUMBER	GENUS/SPECIES	DESCRIPTION	SEED ORIGIN	FIRST CHOICE	SECOND CHOICE	SECOND CHOICE (PREFERRED)	NO SELECTION

Use Second choices (preferred) (2nd*) to indicate **a few** Second choices selections that you want the order fillers to pull first, if they need to pull from Second choices. “No” is the default selection.

- 6) **To enter your seed selections by using the Quick Add box**, type a seed number or range in the Quick Add box, then select a choice button for that item:

Type a seed number or range (complete numbers e.g. 342-347) in the Quick Add box then select a choice button for that item.

You must refresh the page from your browser menu for your newest selections to show.
(Example below is for Chrome; Edge and Firefox are very similar- all are in the upper left)

Entering a Range of numbers indicates you would accept any ONE number within that range; ranges count as one choice. They can only be added using the Instant Add box and must be the complete numbers (e.g., 342-347, not 342-7):

Type a seed number or range (complete numbers e.g. 342-347) in the Quick Add box then select a choice button for that item.
Refresh your browser for your newest selections to show.

Quick Add: Add to: 1st choices 2nd choices 2nd choices (preferred)

- 7) **To keep track of how many you have selected**, look for the two boxes that show the number of first and second choices you have selected and how many more you are allowed for each:

First choices	Second choices
Selected: 1	Selected: 3
Remaining: 34	Remaining: 47

In the **Main round**, you are allowed 35 First choices if you are a seed donor or volunteer; 25 First Choices if a non-donor, and up to 50 Second choices. In the **Surplus round**, you are allowed up to 100 First choices (and should match the total number of packets you want) and up to 100 Second choices.

- 8) To review the selections you have made, use the **“Review your selections”** button above the Quick Add box:

To make changes to a range choice, you must first remove the listing for that range and then enter the new range or single seed selections in the Quick Add box, if desired.

Refresh the browser page to view your changes.

Use the “Return to Seed Selections List” button to go back; do not use your browser’s back button.

- 9) **When you have made ALL your selections and are ready to finish your order**, use the “**Finalize Order**” button. Do not click on this button until you are ALL done – you cannot go back and change your selections once you’ve clicked on the “**Finalize Order**” button.

[2024 Donors List](#) [Review your selections](#) [Finalize order](#)

If the button instead says “View Order,” that means you already clicked the “Finalize Order button” and should look for the CART link in the top menu to finish your payment (see #16 below).

- 10) On the “Checkout” page, after you select to finalize your order, mark if you will **accept substitutes** when your order is picked to receive the full allotted number of packets; otherwise, only packets available from the choices you listed will be sent, even if less than your allotted amount.

In the **MAIN** round, you will indicate your **preference for receiving the Surplus seed list**: either a print list sent to you (just lists the seed *numbers*) or an email reminder.

The screenshot shows the 'Checkout' page with two main sections:

- SEED SUBSTITUTES**: A section asking if the user wants to accept substitute packets. It includes a checkbox labeled "Yes, I will accept substitute seed packets if my selections are unavailable".
- SURPLUS ROUND REMINDER**: A section asking if the user wants to receive a reminder when the Surplus round opens. It includes two checkboxes: "Send me a printed Surplus list" and "Send me an email reminder for Surplus round".

In **SURPLUS** Round, you will be asked the **Number of Packets** you wish to receive (20, 40, 60, 80, or 100 packets). This should match the number of First Choices you selected.

The screenshot shows the 'Seedex information' section with the following elements:

- Number of packets***: A dropdown menu with the option "- Select a value -".
- Please select the number of Seed Packets you would like to order.**: A text prompt.
- I will accept substitute seed packets if my selections are gone so I receive the allowed amount of packets.**: A checkbox.
- Add a donation**: A checkbox.
- CONTINUE TO ORDER INFORMATION**: A button.

This is a close-up of the 'Number of packets*' dropdown menu. It shows the following options:

- Select a value -
- Select a value -
- 20 packets: US\$ 12.00
- 40 packets: US\$ 24.00
- 60 packets: US\$ 36.00
- 80 packets: US\$ 48.00
- 100 packets: US\$ 60.00

- 11) If you would like to ‘Add a Donation’, mark that box, and a list of suggested Donation amounts will appear. Select from the list, or you may mark ‘Other,’ and you will be prompted for a dollar amount.

The screenshot shows the 'DONATION' section with the following elements:

- Add a donation**: A checkbox that is checked.
- Donation amount**: A dropdown menu with the option "-- Select amount --".
- Suggested amounts**: A list of suggested donation amounts: \$25, \$50, \$100, \$250, \$500, and Other.

This screenshot shows the 'DONATION' section with the 'Other' option selected in the 'Donation amount' dropdown. Below it, there is a text input field labeled 'Amount' with a dollar sign prefix, where the user can enter a custom donation amount.

- 12) Next, verify the **Cart Content** (Seed Order and perhaps a donation), the **Seed Selection** numbers by Choice category, and your account **email address**.

13) Next, you will enter your **Payment Method** – either securely via Credit card or a Check/Money Order.

a) If you select “Credit card”, in the Payment Information section, you will enter your credit card number, the expiration month and year, the CVC number (usually found on the back of your card), and sometimes it will require your zip or postal code.

The screenshot shows a 'PAYMENT METHOD' form. At the top, it says 'Select a payment method from the following options.' There are two radio buttons: 'Credit card:' (selected) and 'Check or money order'. The 'Credit card:' option is highlighted with a red box and includes logos for VISA, MasterCard, DISCOVER, and AMEX. To the right, a box shows 'Subtotal: \$25.00' and 'Order total: \$25.00'. Below the radio buttons, a message states: 'Your billing information must match the billing address for the credit card entered below or we will be unable to process your payment.' The 'PAYMENT INFORMATION' section is below. It has a red box around the card number field (showing '37' and '005') with a red arrow pointing to it labeled 'Card number'. To the right of the card number field are three fields: 'MM/YY' (showing '10 / 27'), 'CVC' (showing '123'), and 'ZIP' (showing '123'). Red arrows point to these fields with labels 'MM/YY', 'CVC', and 'may ask for zip or postal code'. At the bottom right, there are two buttons: 'Review order' (highlighted with a red box) and 'Cancel'.

b) If you select “Check or Money order,” a message will appear with the address where you should send your payment. Write that address down. Please send the payment to that address as soon as possible; your order will not be put in the queue for filling until your payment is received.
